## Professional History

**PT SKETZ INDONESIA**  
Senior Designer

2024  
Present

I was assigned as a Senior Designer with the main task of creating offline print and online media designs for publications. My role began with project presentations and brainstorming sessions, and ended with the final printing. My work focused on visual processing, layout design, and visual processing related to corporate report infographics.

**Valerian Lotus**  
Freelance Experience

2023  
2024

As a freelance experience designer whose main task is print design, my work focuses on visual processing and layout design for annual and sustainability reports.

**RE/MAX 360**  
Jr Art Director

2021  
2022

I was entrusted as a junior art director with the main task of creating offline print and online media designs for publications, as well as directing junior designers to align with the company's visual voice. My role began with project presentations and brainstorming sessions, and ended with the final printing. My work included creating publication visuals, layout designs, branding, and processing special visual assets for the company's campaign needs.
